

ADEBAYO, ELIJAH OLUWASEGUN

Sanni Street, Lekki Phase 2, Eti-Osa, Lagos State.

09083404502, 08127311805

segunadebayo87@gmail.com

PERSONAL PROFILE:

A young and energetic engineering graduate with hands on experience within engineering and oil and gas industry which cut across Petroleum and Process Engineering, Supply Chain Management, Health, Safety, Security, Environment & Quality (HSSEQ), Project Management and Sales.

BIODATA:

SEX: Male
MARITAL STATUS: Single
STATE OF ORIGIN: Osun

EDUCATIONAL QUALIFICATIONS

- Petroleum Training Institute, Effurun, Delta State
Higher National Diploma in Petroleum Engineering (Distinction) 2014 – 2016
- Petroleum Training Institute, Effurun, Delta State
National Diploma in Petroleum Engineering (Distinction) 2010 – 2013
- Community Secondary School, Ogele, Kwara State
Senior School Certificate Examination (SSCE) 2000 – 2005
General Certificate Examination (GCE) 2014
- Rukayat Nursery and Primary School, Ilorin, Kwara State
First School Leaving Certificate (FSLC) 1995 – 2000

WORK EXPERIENCES:

Welldynamics Tubular Services Limited
Technical Sales Engineer

Sept 2019 – Till Date

DUTIES:

- Searching for new clients who might benefit from company products or services and maximizing client potential in designated regions
- Persuading clients that a product or service best satisfies their needs in terms of quality, price and delivery
- Calculating client quotations and administering client accounts
- Providing pre-sales technical assistance and product education
- Supporting marketing activities by attending trade shows, conferences and other marketing events
- Recommending improved materials or machinery to customers, showing how changes will lower costs or increase production
- Preparing and delivering technical presentations explaining products or services to customers and prospective customers
- Effectively communicating client needs to the R&D teams for future product enhancements
- Collaborating with sales teams to understand customer requirements and providing sales support

**PCG Consulting Nigeria
Engineering Analyst**

Aug 2018 – Jul 2019

DUTIES:

- Established data collection formats and processes.
- Gathered and Analyzed Production Data of NPDC's OML 119.
- Planned, implemented, regulated, controlled and integrated activities and resources used in executing projects.
- Engineered, Developed and implemented time studies to compile data used to prepare multi variable standards.
- Reviewed accuracy of the work progress constantly in order to make sure that the services and products are up to the standard quality
- Attained and provided additional technical information regarding standards and data collection along with clarification to the team and customers as required
- Guided and assisted the team to set up a Data Room where all the information about the field can be accessed electronically
- Any other responsibilities as requested by the Project Manager.

**Hussaini Adamu Federal Polytechnic, Kazaure, Jigawa State May 2017 – Apr 2018
Assistant Lecturer (NYSC)**

DUTIES:

- Taught undergraduate level courses as allocated by the Head of Department and reviewed from time to time by the Head of Department
- Contributed to the development, planning and implementation of a high quality curriculum
- Assisted in the development of learning materials, prepared schemes of work and maintained records to monitor student progress, achievement and attendance
- Participated in the development, administration and marking of exams and other assessments
- Participated in the administration of the department's programmes of study and other activities as requested.

**Petroleum Training Institute, Effurun, Delta State
Operator Trainee**

Nov 2016 – Apr 2017

DUTIES:

- Carried out daily operation routine duty check and meter readings on all required operating equipment and report abnormalities when found.
- Operated as instructed designated process and utilities equipment.
- Carried out Well testing to determine the production ability and Gas Oil Ratio (GOR) of the well.
- Optimized and troubleshoot the process operation, monitor process parameter performance to ensure safety, reliability, product deliverability and quality.
- Followed safe work practices and participated actively in Job Safety Analysis, safety meetings and emergency drills.
- Determined Gas Volume of Well fluids using Barton Meter.
- Changed the Choke size of a wellhead as instructed.
- Prepared, maintained and submit daily reports and records of production.
- Carried out Crude Oil Metering and Characterization, Tank Dipping, Basic Sediment & Water (BS & W) Analysis, API gravity of Crude and other Tank farm operations.

**National Engineering and Technical Company Limited (NETCO)
(A Subsidiary of NNPC)**

SEPLAT – SAPELE FLOWSTATION AS BUILT PROJECT

Jun 2014 – Nov 2014

Industrial Trainee

DUTIES:

- Drafted Detailed Engineering Designs for Oil and Gas Systems.

- Preparation of Process Deliverables which include Piping and Instrumentation Diagrams (P & IDs), Process Flow Diagrams (PFDs), Process Line List as instructed
- Effected corrections on Piping and Instrumentation Diagrams (P & IDs), Process Flow Diagrams (PFDs), Process Line List and other deliverables on the project
- Preparation of Weekly Timesheet
- Sized oil and gas equipment such as Separator, Process Lines, Valves, Pumps, etc
- Optimization of Oil and Gas Systems

**National Engineering and Technical Company Limited (NETCO)
(A Subsidiary of NNPC)**

CHEVRON – PIGS TRAP MODIFICATION PROJECT

Oct 2012 – Dec 2012

Industrial Trainee

DUTIES:

- Effected corrections on Piping and Instrumentation Diagrams (P & IDs), Process Flow Diagrams (PFDs), Process Line Lists and other deliverables on the project
- Preparation of Weekly Timesheet
- Sent the Process Deliverables to QAQC officer for approval before final transfer to Document Control department

OTHER CERTIFICATIONS:

- General HSE Certificate (Level 1 & 2)
- Advanced HSE Certificate (Level 3)
- International Logistics & Transportation in Supply Chain
- Field Production Operator (Process Technician)
- Oil and Gas Logistics Management
- Oil and Gas Project Management
- International Well Control Forum (IWCF) Level 1
- Well Operations Crew Resource Management (IWCF)
- Basic Well Control
- Process Safety (IADC)
- Chevron Equilibria on E – COLOURS

SKILLS:

- Ability to work with and lead a team, learn new ideas and assume position of responsibility
- Ability to adapt to various working conditions and work successfully under pressure
- Ability to accept and learn from criticism, Attention to Details and Time Management.
- Good analytical, presentation and problem solving skills, as well as communication and interpersonal skills
- Computer proficiency in SAP, Microsoft Excel, Word, Power Point and Outlook, CorelDraw, AutoCAD for Engineering drawings

HONORS & AWARDS:

- Recipient of Chevron Nigeria Limited Award of the Best Graduating HND Student in Petroleum Engineering Technology for 2015/2016 Academic Session
- Recipient of Petroleum Training Institute Award of the Best Graduating HND Student in Petroleum Engineering Technology for 2015/2016 Academic Session
- Recipient of Society of Petroleum Engineers (SPE) Nigeria Council – Dr. Olumide Phillips Scholarship Award for Petroleum Engineering Student in 2016
- Recipient of Total E & P Nigeria Sponsorship Award to Society of Petroleum Engineers (SPE) 2016 Nigeria Annual International Conference and Exhibition (NAICE) Programme
